

ELITE Teams Honduras School Transformation Initiative

**RAISING
\$100,000**

IMPACTING A GENERATION BECOME A SPONSOR

The ability to engage thousands in this gang-infested society has come to our doorstep. We have been given permission to launch this initiative in schools. The way that we combat societal trends is to starve the predator of its food supply. With gang growth on the rise, the opportunity is here to engage those who would eventually enter the gangs and a life of crime. We are going to build a roof over the training area to allow for constant engagement, even in the hot sun.
